

**Sponsorship Grant Event Requirements  
Effective 07/14/2020**

**The health and safety of our community is our top priority. The requirements below must be met for a sponsorship grant to be considered:**

- Events should not exceed a maximum attendance of 50 persons, or must be virtual
- For in-person events that meet the above requirement, the following applies:
  - The organization must require face coverings
  - The organization must conduct attendee screenings
  - The venue must allow for enough space so that all attendees are able to be socially distant at all times
  - The organization should utilize the [Events and Gatherings: Readiness and Planning Tool](#) provided by the CDC when planning their event
- If the event **does not** meet these requirements, we will not consider a sponsorship at this time
- If the event **does not** meet these requirements, and the organization is **willing to amend their event plans** to meet these requirements, we will be happy to consider the application

*Exceptions require Gulf Coast Community Foundation approval.*
