As a member of our Development team, Kristin engages with our donors allowing them to realize their philanthropic potential. In addition, she is responsible for overseeing Gulf Coast’s scholarship program which provides greater access to postsecondary education for local area students. Prior to joining the foundation in 2011, Kristin worked in the fast-paced world of television news as a video editor for WWSB ABC7 in Sarasota. She earned her bachelor’s degree in telecommunication production from the University of Florida. (Go Gators!) Her claim to fame is representing the country as a member of Team USA at the Bally Total Fitness World Aerobics Championship in 1999. She did not help lead the team to victory. For exercise these days, she and her husband can be found chasing around their two small children.
